DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 7-10/7, 11-14/11, 15 and 16 are finally rejected under 35 U.S.C. 102(b) as being anticipated by Taft (US Patent 478,381) or Weddell (US Patent 2,385,750).

The device of Taft or Weddell teaches the structural limitations of the claims. Taft or Weddell teaches in figures a knife having a varying angle along its length in relation to the first body portion and the angle is greater than the angle at the second end and continually decreases from the first to the second end and a second guiding surface having a varying angle along its length with the angle adjacent the first end that is smaller than the angle at the second end and continually increases from the first to the second end which is shown in fig. 5, 8 and 9 of Taft [The Examiner takes the position that positioning the knife of Taft horizontally would show the varying angles as claimed] or figures 1-6 of Weddell.

Response to Arguments

Applicant's arguments with respect to claims have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
